

## AGENDA

# Youth Entrepreneurship Policy Academy

Youth Entrepreneurship Policy Summit  
Brussels, Belgium  
6 - 7 October

# ***EU-OECD Youth Entrepreneurship Policy Summit***

The **European Union-OECD Youth Entrepreneurship Policy Academy** (YEPA) has been in action now for three years. This Summit aims to share and discuss the policy messages and learnings from its activities in this time and point the way forward for youth entrepreneurship policy.

The YEPA is an opportunity for policy makers to better understand the barriers faced by young people in entrepreneurship and how to adapt policy to the needs of youth through a series of regular exchanges with young entrepreneurs, youth entrepreneurship networks, experts, youth entrepreneur support organisations and social entrepreneurship networks.

Since the launch conference in November 2022, the YEPA has held quarterly workshops and related events in addition to producing a series of thematic notes on different youth entrepreneurship policy issues and best practices.

This Summit will bring together many of the participants in those activities to discuss the barriers faced by young people in entrepreneurship and “what works” in youth entrepreneurship policy and to consider what all policy actors can do in future to strengthen youth entrepreneurship in Europe

The YEPA contributes to and builds on a range of other important work by the OECD and the European Commission on [inclusive entrepreneurship](#) and [social entrepreneurship](#), including the award-winning report series [The Missing Entrepreneurs](#). It was also announced as a key action in the [EU Action Plan for Social Economy](#).

For more information on the YEPA, please contact [Helen.Shymsanski@oecd.org](mailto:Helen.Shymsanski@oecd.org) or [EMPL-YEPA@ec.europa.eu](mailto:EMPL-YEPA@ec.europa.eu).
